#### **Consultation**

A detailed assessment of the human remains was made by the State Historical Society of Wisconsin professional staff in consultation with representatives of the Forest County Potawatomi Community, Wisconsin; Ho-Chunk Nation of Wisconsin; and the Menominee Indian Tribe of Wisconsin.

#### **History and description of the remains**

At an unknown date, human remains representing, at minimum, two individuals (1996.93.6) were removed from the Crooks Mound Group (47-GL-0014) in Green Lake County, WI. These remains were discovered in the State Historical Society's collections in 1996. The information on the box indicated the remains were "Unaccessioned skeletal materials; Crooks Group, Forest Glen, Green Lake." While there is no record of a donation being made by H.D. Crook, there is historical evidence of human remains being found in a mound on his property. The remains were determined to be those of an adult male and an adult of indeterminate sex. No known individuals were identified. No associated funerary objects are present.
